

RICKY QUINN

A down to earth country girl at heart, Ricky Quinn was born and bred in Harrisville and has cemented a reputation as one of the region's leading rural and property agents. Professional, hardworking and honest, Ricky boasts extensive local insights and knowledge of the Scenic Rim, while her no non-sense approach has earned her a loyal following of qualified buyers and sellers.

With an extensive and diverse portfolio of sales under her belt, including acreage and remote rural properties, to land developments and house sales, Ricky has enjoyed enviable success. It is no surprise she has become the region's go to agent when it comes to selling and marketing properties.

We found Ricky from iThink Property honest and easy to work with. We were always updated and spoke to her on a regular basis, which allowed us to always know where our property was at. Although she had other listings we never felt that our property was "just another property", we would happily recommend Ricky. Thanks Again Ricky!"
